

The HWH® SpaceMaker® Dual-Cylinder “Universal” Straight-Out (so) Hydraulic Room Extension (with HWH Synchronizing Cylinder)

HWH® Dual Cylinder “Universal” Room Extension* is designed to simplify installation. New exclusive HWH Inter-Locking Chains* are used to extend and retract the room. Plus provides the coach owner with a clean exterior finish.

“Universal” Room Extension Features and Benefits

- ! Above-floor mounting eliminates the loss of valuable under-floor space.
- ! A heavy-duty room extension system for rooms up to 3,000 pounds.
- ! Movable room storage compartments - No more crawling under room to gain access!
- ! The room floor is suspended which eliminates the possibility of damage to the coach floor coverings.
- ! The Dual Cylinder “Universal” slide utilizes a four-point attachment, which draws all four corners in for a positive seal whether the room is extended or retracted.
- ! The HWH Synchronizing Cylinder allows for smooth, even extension and retraction of the room.
- ! No exposed hardware when the room is extended. The exteriors of the room and the coach have a clean, finished appearance.
- ! Ideal for use on galley and living rooms.
- ! A hydraulic extension cylinder is located inside each of the two “Universal” mechanisms.
- ! The mechanism is easily operated with the use of a momentary switch.

Exterior of room and coach.
